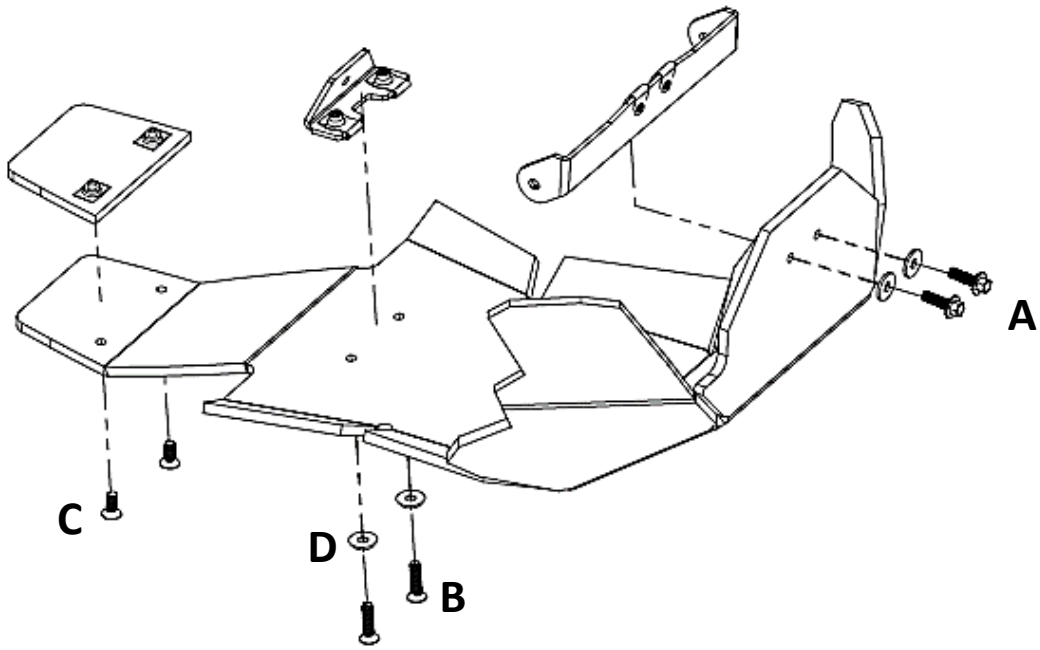
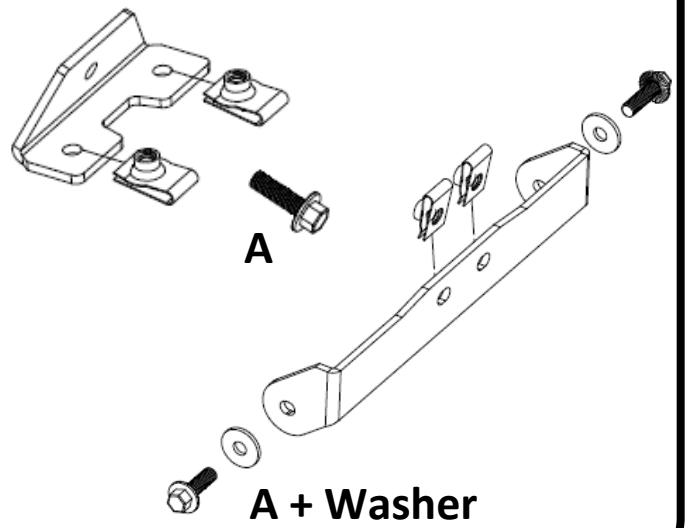
Skidplate Installation Instructions

1. Install clips onto front and rear bracket.
2. Install both brackets onto frame of motorcycle using hardware **(A) and washers**.
3. Install linkage guard pad using **(C)**. Drive bolts flush into plastic.
4. Install skidplate to brackets using **(A), (B), (D) and washers.**
5. Torque all of the hardware.

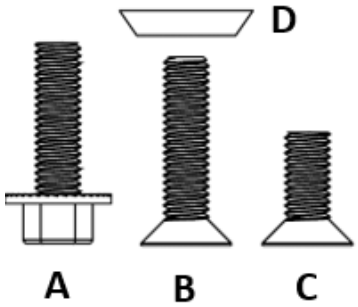
STEP 2: Skidplate Assembly



STEP 1: Brackets



Hardware



Linkage Guard Bend

Bend the linkage guard as needed to get the fitment desired. This can be done in a vise or on the edge of a table either cold or, even better, with heat.
