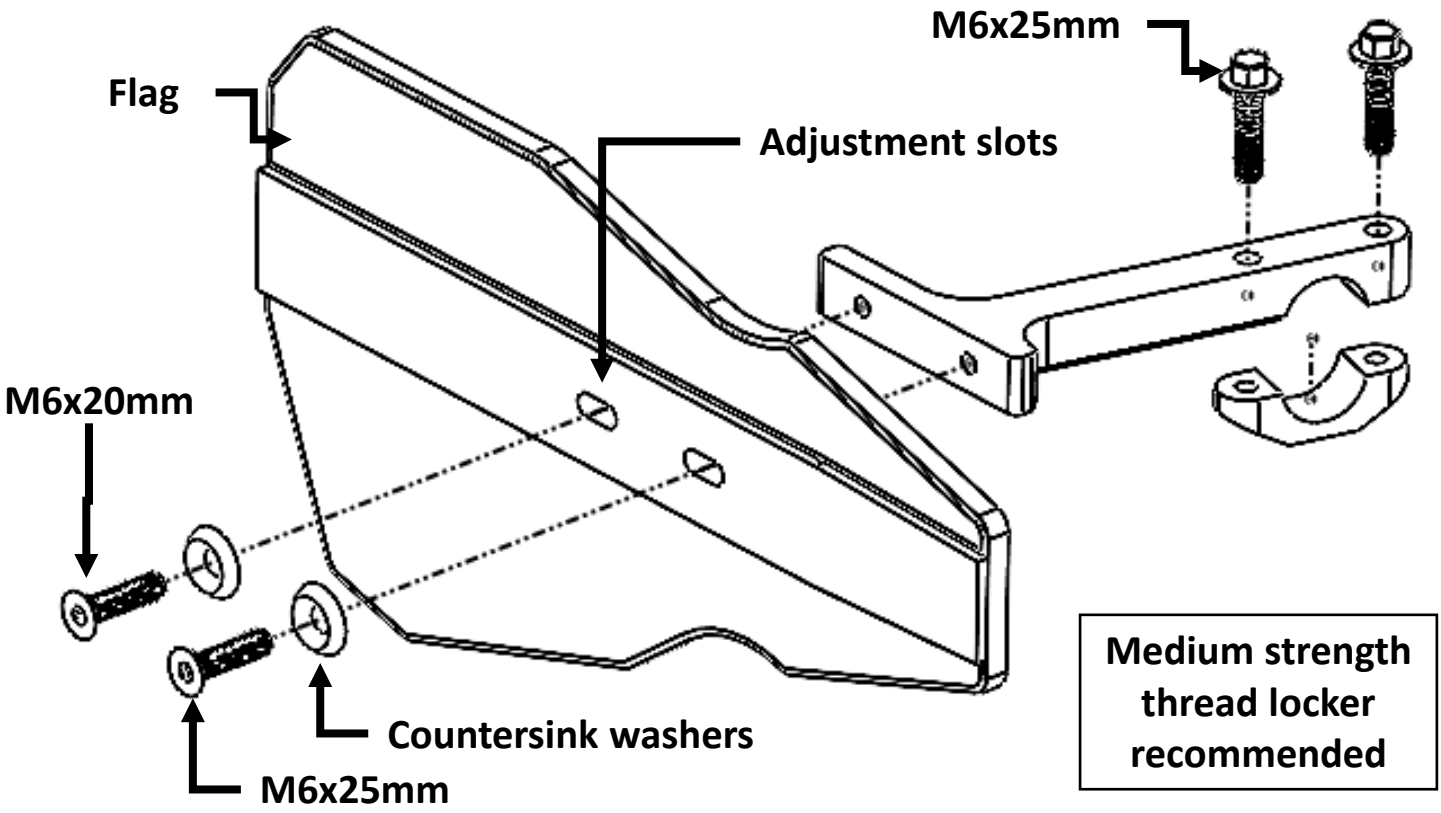
Flag-Style Handguard Installation

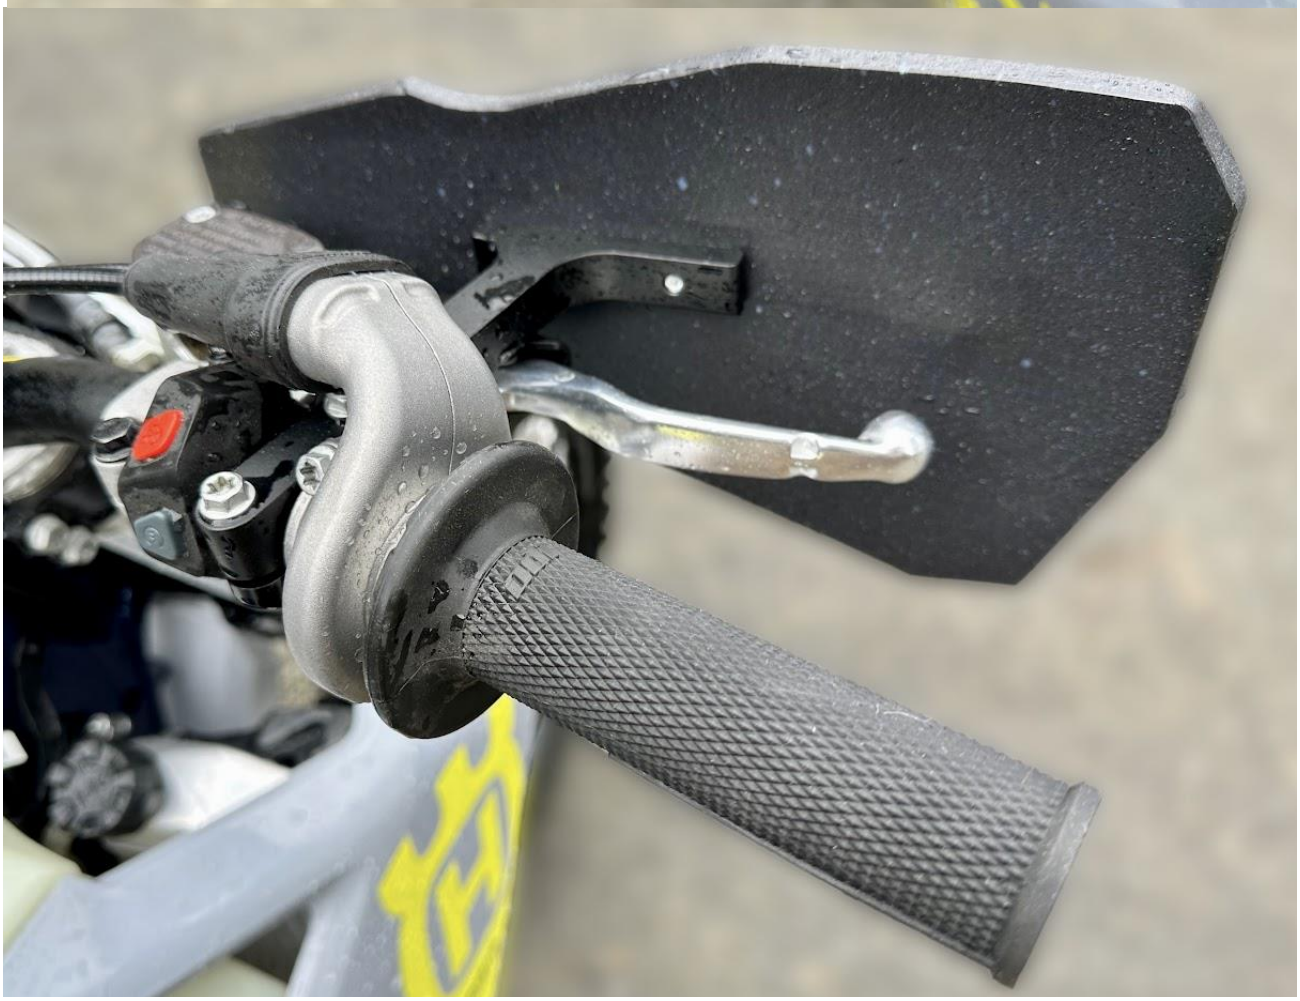


Medium strength thread locker recommended

Notes

- Flag uses two different screw lengths for mounting.
- Adjustment slots are provided to change position of flag.
  - We recommend just inside of the tip of the handlebar.

Molecule Motosports will not be responsible for any damages, loss of revenue, and/or personal injury caused or resulting from the installation of these parts or modifications made during installation.



Sticker Application

- Vinyl stickers supplied with handguards are made from the same material used in most graphic kits.
- It is recommended to use some heat to apply these stickers. As always, make sure all surfaces are clean. Alcohol can be used to wipe the surface of the plastic before application.
